Death of H. S. Rourke.

home in Telephone Road.

Mr. Rourke was born in Tuscaloosa,
Ala., 44 years, 5 months and 12 days
ago, and had lived in Pascagoula for
about thirty years, during which
time he was prominently connected

the time his last illness attacked him.

ticipating in a number of important
battles, and was wounded as he was
leaving Atlanta under General Hood.

The funeral took place Wednesday
afternoon from the Church of Our
Lady of Victories, Father O'Reilly
officiating, deceased having been a
devout Catholic. The remains were
followed to Pascagoula Cemetery by a
large number of friends, paying their
last tribute to one of Pascagoula's
oldest and most respected citizens.

GIRLS! LEMON JUICE

IS A SKIN WHITENER

**How to make a creamy beauty lotion
for a few cents.**

The juice of two fresh lemons strained
into a bottle containing three ounces of
orchard white makes a whole quarter
pint of the most remarkable lemon skin
beautifier at about the cost one must
pay for a small jar of the ordinary cold
creams. Care should be taken to strain
the lemon juice through a fine cloth so
no lemon pulp gets in, then this lotion
will keep fresh for months. Every
woman knows that lemon juice is used
to bleach and remove such blemishes as
freckles, sallowness and tan and is
the ideal skin softener, whitener and
beautifier.

Just try it! Get three ounces of
orchard white at any drug store and
two lemons from the grocer and make up
a quarter pint of this sweetly fragrant
lemon lotion and massage it daily into
the face, neck, arms and hands.

It is doubtless be gratifying to the people of Pascagoula to know that their city was chosen by unanimous vote, of the District Conference last week in Biloxi, as the place of entertainment for its session. Death of Mrs. H. A. Rourke

Died at the home of her son in Telephone Road at the intersection of North Pascagoula Street, on Tuesday, May 11, 1920, at 4 o'clock p. m., Mrs. Elizabeth Gaudin Shields, widow of the late H. A. Rourke, aged 71 years. The death of this most estimable lady came as the result of a stroke of paralysis several days ago, and her sudden serious condition and death was a shock and a matter of regret to the entire community. The funeral took place the next day at 4:30 in the afternoon, from the late residence of deceased, proceeding to the Catholic Church of Our Lady of Victories, where the last sad offices of the dead were read by Father O'Reilly, the deceased having been a devout Catholic all her life. The remains were followed to Greenwood Cemetery by a large number of friends and acquaintances of the family, and there laid tenderly to rest, the grave being covered with the many beautiful flowers that were the mute but eloquent tributes of loving friends.

Mrs. Rourke was born in Mobile, Ala., and came to this city over thirty years ago from Tuscaloosa, Ala., and has lived here since, becoming one of the land marks of the city, and being held in the highest esteem by the entire population of the city. She is survived by two daughters, Mrs. Alice Hull and Mrs. Marie Rourke, popular teachers in the Central School, a son, H. A. Rourke, also of this city, one brother, Mr. James Gaudin in Birmingham, Ala., and several grandchildren.

Oil Notes

The Board of Supervisors at its last meeting granted an oil lease on Section 18, T. 6, R. 5 W., to Mr. George W. Worth of New York, who posted \$1000 as a forfeit in case he did not commence boring on the land within six months. The work of constructing the derrick is in progress and machinery for drilling operations is enroute, indicating that Mr. Worth has no intention of forfeiting the \$1000. The drilling operations will be in charge of Mr. Phipps, associated with Mr. Worth, and both gentlemen are enthusiastic over the prospects of oil in this section.

The Georgia Company, incorporated under the laws of Georgia, and doing business in Jackson county, is also getting active in the field. This company has a large acreage in the county, and believes the prospect for finding oil exceptionally good. The officers now on the ground are: Capt. R. H. Bruce, vice-president, and Mr. McArthur, of Atlanta, secretary and treasurer, and they are arranging to drill in the near future.

The Sea Coast Oil Company, a home corporation composed largely of business men of the city of Pascagoula, is also getting busy, and expects to begin drilling in the very near future, a resolution to that effect having been passed at a recent meeting of the board of directors. The officers of this company are all home men, and have secured ample capital to commence operations, and its promoters are sanguine of ultimate success.

With all the above companies getting ready to test out the field right away there should be something doing in oil matters during the next few months, and there are those who pre-

MRS. ALICE R. HULL

Back in the 90's a little red school house stood on the Telephone Road in the corner of a big lot. Some of the pupils were as old as the sweet faced young lady teacher, and twice as tall. Some were in their first year at school and some should have been in their last.

Applications were made for enrollment many months ahead, for every kid of school age in Pascagoula wanted to go to school to "Miss Alice."

Many years have passed since the days of the blue back speller, McGuffey's First Reader and the little school house of "Miss Alice". Many who attended that school are now leaders in this and other communities.

Since that time Mrs. Hull has taught many hundreds. The old wooden school, the new brick school and now the modern High School have known this greatest of all teachers.

Mrs. Hull, now teaching mathematics has taught every subject in High School. She has sponsored every class that ever graduated since the days of the wooden school. She has coached the winning debating teams, and during the summer months has helped many hundreds make up work so that they might go on with their classes in the fall.

Many classes have called her "The Mother of the Class" and she has always been relied upon to straighten out any little difficulties, real or imaginary, that arise in the class room or on the playground.

To have known Mrs. Hull and to have had her as a teacher and a friend has been a great blessing in the lives of many boys and girls. The best teacher that the schools of Jackson County have ever known, and loved by every pupil she has ever taught, Pascagoula's Hall of Fame could not be complete without "Miss Alice."
